Working for You: LGBTQ & Transgender Advisory Committee

- The advisory committee makes recommendations to the greater Medical Center community for ways to be inclusive in the care we provide our LGBTQ+ patients, with a focus on the transgender population. They advocate for inclusivity and equitable access to health care for all LGBTQ+ patients.
- **Healthcare Equality Index (HEI):** UVA Health University Medical Center has repeatedly earned the highest score of 100.

Gender Healthcare & UVA Health Insurance

Following efforts by a group of UVA law students, 12 gender-affirming procedures were added by Aetna for the student health plan. The LGBTQ Committee and its UVA Health representatives have asked HR to add the same 12 procedures to the health plan for faculty and staff as well.
